

JAMES PATRICK MEDINA

Taytay, Rizal | +63-956-021-8449 | jpmedina220309@gmail.com

PERSONAL SUMMARY

Computer Engineering graduate with a strong foundation in programming, software design, and problem-solving. Proven experience developing applications and implementing efficient solutions that drive project success. Committed to contributing to innovative software development projects while pursuing opportunities to enhance technical expertise and stay at the forefront of industry advancements. Dedicated to delivering high-quality results and collaborating effectively within dynamic team environments.

WORK EXPERIENCE

Quality Assurance Automation Engineer, Pixel8 Web Solution and Consultancy Jun 2025 - Aug 2025

- Executed automated tests to ensure the software quality of Pixel8.
- Utilized automation testing tools such as Selenium and Cypress to develop and execute test scripts, improving software quality and reliability.

COLLEGE PROJECTS

Full Stack Developer, University of Rizal System

- Engineered comprehensive software solutions for 'Derm-AI' to facilitate real-time skin disease detection and diagnosis.
- Utilized modern development tools such as Vue.js, Python, and Supabase for building and managing web applications and cloud-based databases.

Front End Developer, University of Rizal System

- Collaborated with a developer group to create an efficient 4Ps attendance tracking system.
- Developed the front-end design of a 4Ps Attendance Checker system using Vue.js, focusing on responsive layout and user-friendly interface.

SKILLS

Frontend Development: CSS3, Tailwind CSS, JavaScript (ES6+), Vue.js

Backend Development: PHP, Python

Database Management: SQL Server, MySQL, Firebase (Authentication and Firestore)

Version Control: Git, GitHub, GitLab

Soft Skills: Problem-solving, Communication, Teamwork, Adaptability, Time Management

EDUCATION

Bachelor of Science in Computer Engineering, University of Rizal System

2022 - 2026

- QPA: 1.64

Senior High School, Juan Sumulong Memorial Junior College

2020 - 2022

- With High Honors

TRAINING

- Computer Maintenance and Troubleshooting: A Hands-On Approach
- A Peek: Software Development and Life Cycle
- Fundamentals of Network Security
- Building a Strong Work Attitude: Essentials for Engineering Success
